Details

This tall Campaign-style chest of drawers by Baker is crafted from rosewood, featuring bookmatched veneer that showcases the natural beauty of the wood's grain. The design is enhanced by polished brass mounts and drawer pulls, providing a subtle decorative element characteristic of the Campaign style. The top left drawer contains the Baker manufacturer's plate, certifying the piece's provenance.

The chest is thoughtfully designed with two large drawers at the base and in the middle section, three medium-sized drawers in the middle and upper section, and two smaller drawers positioned at each corner of the upper part. This arrangement offers practical storage while maintaining a balanced and elegant appearance. A versatile piece that reflects quality craftsmanship and understated style.
